

System of Care Coordinators

SOC Coordinators are located in each of the Public Health Districts. Coordinators strive to improve services for children and youth with special health care needs. They can help identify needs, coordinate services, identify funding resources and facilitate interagency collaboration. You can contact the coordinator in the family's area of the state by calling toll-free 1-877-986-4550 or TTY 1-877-986-5432, or you can directly call them using the contact information below.
